Dávid Juhász

— FULL-STACK DEVELOPER —

Mindset

Embracing a **growth mindset**, I am unafraid to dive into new or existing projects, **swiftly grasp new frameworks**, and **deliver high-quality code**. I have **excellent communication skills** and am a **fluent English speaker**. I'm quick to adapt to new environments, and can put on multiple hats if a project requires me. I am **scrappy**, have a **bias toward action**, and **love moving fast**, and have great empathy for the end-users.

Education

Computer Science BSc
Eötvös Loránd University, Hungary
2019 - 2022

Google Cloud Certified Associate Cloud Engineer
Google
Issued Oct 2022 · Expires Oct 2025

Google Project Management Certificate
Google
Issued Mar 2023

Google Data Analytics Certificate
Coursera

Work Experience

AI Intern
Deutsche Telekom
Oct 2021 - Jul 2022
Budapest, Hungary
I gained hands-on experience in AI basics, computer vision, and machine learning in this position. This experience introduced me to technologies like PyTorch, Panda, OpenCV.
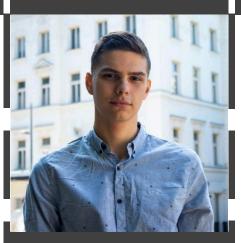

Solution Engineer / Cloud Engineer
Deutsche Telekom
Oct 2021 - Jul 2022
Budapest, Hungary
As a Solution Engineer, I design cloud solutions for the German market as part of a team of 20 professionals. Holding a Google Cloud Engineer Associate certification, I strive to continuously expand my knowledge through ongoing courses and training.
